EXPERIENCE

Future Sky Limited, Mirpur DOHS, Dhaka — *Senior Software Engineer*

SEPTEMBER 2020 - PRESENT

- Oh! I lose half of my hair to work on this company.
- Here I am working on two main eCommerce (B2C & B2B) websites (bebsha.com & laalsobuj.com), using CakePHP, handling backend and frontend. And all APIs and maintaining servers also. Currently, I am re-writing those existing projects using React js. Also working on a couple of other projects based on laravel, WordPress.

e-CAB & Comjagat, Dhanmondi, Dhaka — *Software Developer*

JANUARY 2020 – JUNE 2020

- In this company/association, I worked on a couple of existing projects based on laravel and WordPress.
- And developed a web-based live conference/meeting management application for GrameenPhone and British American tobacco using PHP Codeignator.

Speaklar.com, Shyamoli, Dhaka — *Web Developer*

AUGUST 2019 – JANUARY 2020

- I finished my internship here as a web developer.
- Here I was mainly worked on laravel and developed two government projects of the Barisal division, one is for the water billing system and the other is for holding tax. To configure those two projects, I visited Barisal and configured it with my boss. And developed a member registration system for e-CAB and Fixed and developed a complaint management system for e-CAB.
