CAREER OBJECTIVE

I want to enhance my confidence and skills using my potential in "Software Development" and express myself as an innovative, creative, and skillful person for a challenging position.

WORK EXPERIENCE

Cosmos Group, Malibagh, Dhaka — Senior Software Engineer
February 2022 – Present

Currently I am working on this company.

Future Sky Limited, Mirpur DOHS, Dhaka — Senior Software Engineer
September 2020 – January 2021

Oh! I lose half of my hair to work for this company. Here, I am working on two main eCommerce (B2C & B2B) websites (bebsha.com & laalsobuj.com), using CakePHP, handling the backend and front end. And all APIs and maintaining servers also. Currently, I am re-writing those existing projects using React JS. Also working on a couple of other projects based on Laravel, and WordPress.

e-CAB & Comjagat, Dhanmondi, Dhaka — Software Developer
January 2020 – June 2020

In this association, I worked on a couple of existing projects based on Laravel and WordPress. And developed a web-based live conference/meeting management application for Grameenphone and British American tobacco using PHP CodeIgniter.

Speaklar.com, Shyamoli, Dhaka — Web Developer
August 2019 – January 2020

I finished my internship here as a web developer. Here I mainly worked on Laravel and developed two government projects for the Barisal division, one is for the water billing system and the other is for holding tax. To configure those two projects, I visited Barisal and configured it with my boss. And developed a member registration system for e-CAB and Fixed and a complaint management system for e-CAB.
